hours of sunshine per year

Due to its excellent geographic location and climate, Croatia is the ideal European destination for preparing sports teams of all ages and levels. This is especially true for the coastal area, particularly Istria, which is Croatia's largest peninsula and enjoys a Mediterranean climate.

The hot summers and mild winters mean that there are many hours of sunshine, which allows athletes to enjoy the fantastic natural environment.

Medulin is one of the most popular destinations in Istria, and is located about 10 kilometres from Pula, the biggest town in Istria. It is a well-known tourist resort with numerous amenities. Apart from its natural beauty, Medulin also offers numerous facilities and training camps located in a peaceful environment.

## Medulin

With more than 40 years' experience and thanks to Arenaturist's contribution, Medulin has become a leading multi-sport training destination. Since 1970, Arenaturist has been organising training camps for both amateur and professional athletes. Most of the sports fields were built around the Hotel Belvedere in the 1970s. Soon after that, the hotel became a gathering place for famous athletes and clubs.

## Park Plaza Belvedere Medulin - tailored to meet athletes' needs

The newly renovated Park Plaza Belvedere is situated right on the coast, just a few steps away from the charming town of Medulin. In the autumn/winter season, it becomes the gathering place for world-famous footballers and athletes, thanks to its numerous onsite sports and wellness facilities.

Near the hotel there is also a newly renovated beach covering an area of 1,050 m<sup>2</sup>. It is equipped with 230 new sunbeds with sun umbrellas, and has a bar service and free WIFI.

The hotel has secure parking, a wide range of shops, and is well connected with public transport to the town centre and surrounding areas.

Close to the Hotel Park Plaza Belvedere, there is another Arenaturist hotel with possibility of additional accommodation.
